DETAILED ACTION

Receipt of applicants' amendments and remarks submitted November 28, 2003 is acknowledged.

Rejections 35 U.S.C. 103

- 1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
 - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- Claims 1-12 rejected under 35 U.S.C. 103(a) as being unpatentable over Grewal et al.
 (US 6,093,724) for reasons set forth in the prior office action.

Response to the Arguments

Applicants' amendments and remarks submitted November 28, 2003 have been fully considered, but are not persuasive fro reasons discussed below.

As indicated in the last office action, a synergistic combination of 4-s-[4-(propylsulfanyl)-1, 2, 5-thiadiazol-3yl]-1-azatricyclo[3,3,1,1<3,7>]decane hydrochloride and a NSAID or morphine would be allowable. A synergistic combination not just any combination, it requires particular amounts of each ingredients. See the examples at pages 9-18 herein in the specification. Note the claims must be commensurate in scope with the unexpected results. To cure the problem, the claims may either cite the amounts disclosed in the specification, or recite "synergistic," e.g., at the end of claim 5, add "wherein the composition produces a synergistic or super-additive effect." (for support of this limitation, see paragraph 0008 at page 3 in the specification).

3. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
